

Brandsafe

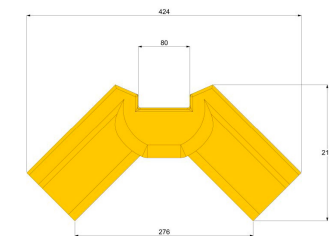

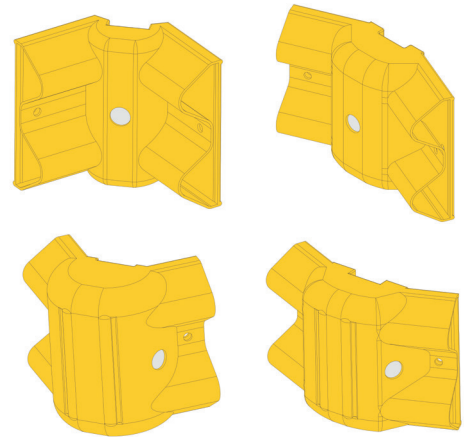

Armco Safety Corner

These flexible **polyethylene corners** offer durable impact protection from vehicles and an easy Armco barrier installation to suit any working environment. Safety driven design and development to make your Armco barrier truly safe and visible to your MHE / PIT operators and HGV vehicle drivers. They bring colour, flexibility and visibility to Armco safety barrier installations.

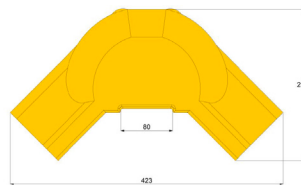

Features and Benefits

- Designed for fitment with a single Armco post to save you cost and install time.
- Highly visible and contrasting to make corners visible to drivers and operators of vehicles and mechanical handling equipment.
- Full retrofit compatibility with all steel Armco.
- Suits Armco 310 mm x 85 mm corrugated rails.
- 90 degree and 135 degree angle options.
- Includes 40 mm diamond grade reflectors.
- Available in Yellow or Black.

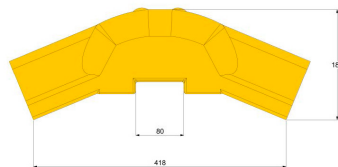

Internal 90°

External 90°

Internal 135°

External 135°
